

## Graduate Certificate in Magnetic Resonance and Positron Emission Tomography (GCMRPET)

### Graduate Certificate in Magnetic Resonance and Positron Emission Tomography (GCMRPET)

Program Code: 5654

Duration: Half Year full-time (or part-time equivalent)

Total Units: 8

Entry Requirements: Please refer to [GCMagResTech](#) future students page

### Key Program Information

- This program can only be completed part-time (not full-time) for students commencing in Semester 2 (July).
- Some courses in this program may contain enrolment restrictions requiring permission from the Head of School or other approvals. Students are required to email the [School of Mathematics and Physics](#) to gain approval for restricted courses before they can enrol on SI-Net.

### Important Notes

The information contained in this document is intended as general advice only.

Students must follow the program rules & requirements listed on the [Programs and Courses Website](#). This planner must be used in conjunction with your program duration course list and program rules.

Students need to check the prerequisites, incompatibilities and restrictions for all courses they select in their study plan. Future course offerings are subject to change.

This document is not intended as a progression or graduation check. For further information on progression or graduation checks, please contact your school.

## Frequently Asked Questions (FAQ)

### What is a prerequisite?

Please refer to: [What does 'prerequisite' mean in a course profile?](#)

### What is a course profile?

Please refer to: [What is a course profile?](#)

### Where can I find the electronic course profile (ECP)?

Please refer to: [Where do I find the electronic course profile \(ECP\) for my course?](#)

### Where can I find the course coordinator?

The course coordinator can be found on the electronic course profile (ECP). Please refer to question "Where can I find the electronic course profile (ECP)?".

### Can I study this program part-time?

International students on a student visa must study this program full-time, as per their visa conditions.

Domestic students may choose to complete the program part-time. Part-time students are required to develop their own study plan, however, if you would like assistance with this, please contact the [School of Mathematics and Physics](#)

### Can I study the Graduate Certificate in Magnetic Resonance and Positron Emission Tomography online?

Yes, this program has the option to be completed online for students who are unable to attend campus.
